

Name	Surname	Reg#	Title	Acceptance	Session	Scheduled	Time
Job	Aben	343	Dispersal, connectivity and viability of forest bird populations in a fragmented cloudforest in the Taita Hills, SE Kenya	Oral	Conservation I	27/08/11	15:10
Vsevolod	Afanasyev	160	Winter localities and Migration patterns of Scaly-sided Mergansers <i>Mergus squamatus</i> breeding in Primorye, Far Eastern Russia	Poster	Poster		
Jose I.	Aguirre	425	Daily routines of wintering Blackcaps ( <i>Sylvia atricapilla</i> ) in eastern Spain	Poster	Poster		
Bettina	Almasi	241	Farmland use and human sound affect the hormonal response to an acute stressor in barn owls	Oral	Stress	28/08/11	16:40
Carlos	Alonso-Alvarez	126	"Could oxidative stress drive sexual selection? Potential mutagenic effects on the germ line and their implications".	Symposium	11-Ecological immunology of birds	28/08/11	10:30
Barbara	Amadesi	408	Ecological correlates of colony size in Audouin's gull <i>Larus audouinii</i> during the breeding season in Sardinia	Poster	Poster		
Frédéric	Angelier	489	Inter-individual variation in telomere length: causes and consequences in a migratory bird species	Oral	Evolution	27/08/11	09:00
Anny	Anselin	171	Movements, habitat choice and breeding success of the Marsh Harrier, <i>Circus aeruginosus</i> in fragmented landscapes	Poster	Poster		
Beate	Apfelbeck	118	Territorial behaviour and testosterone in male black redstarts ( <i>Phoenicurus ochruros</i> ): from plasma to brain.	Symposium	16-Why are hormone concentrations so variable within and between species?	30/08/11	10:30
Raphael	Arlettaz	349	Integrated disturbance ecology: from the impact of outdoor winter sports on Alpine wildlife to the creation of winter preserves	Symposium	6-Impacts of environmental change on birds in alpine environments	27/08/11	09:00
Debora	Arlt	35	Sex-biased dispersal and breeding site availability	Symposium	8-Dispersal meets Biogeography – How dispersal affects range dynamic processes	30/08/11	14:40
Antonio	Arnaiz-Villena	197	ESTRILDINAE FINCHES (AVES, PASSERIFORMES) FROM AFRICA, SOUTH ASIA AND AUSTRALIA: A MOLECULAR PHYLOGEOGRAPHIC STUDY	Poster	Poster		
Emilie	Arnoux	414	Conservation of an endemic bird of the Lesser Antillean: the Forest thrush, <i>Turdus lherminieri</i>	Poster	Poster		
Aziz	ASLAN	68	The Breeding Phenology, Egg and Clutch Size and Reproductive Output of the White-Spectacled Bulbul ( <i>Pycnonotus Xanthopygos</i> )	Poster	Poster		
Jaanus	Aua	318	Colour-ringing of Little Ringed Plover ( <i>Charadrius dubius</i> ) started in Estonia	Poster	Poster		
Andris	Avotins	323	Food composition of the Ural owl <i>Strix uralensis</i> Pall. in Latvia	Poster	Poster		
Olga	Babushkina	175	Do high numbers really trigger autumn movements in the Long-tailed Tit? The experimental study	Poster	Poster		
Emanuel	Baltag	493	The wintering population of Common Buzzard ( <i>Buteo buteo</i> ) in Eastern Moldavian Region (Romania)	Poster	Poster		

Name	Surname	Reg#	Title	Acceptance	Session	Scheduled	Time
Ahmad	Barati	832	Nest-site selection in relation to hatching success at a mixed-species colony of Black-winged Stilts <i>Himantopus himantopus</i> and Gull-billed Tern <i>Sterna nilotica</i>	Poster	Poster		
Morgane	Barbet-Massin	200	How much do we overestimate future local extinction rates when restricting the range of occurrence data in climate suitability models?	Symposium	9-Predictive modeling in ornithology - recent problems, novel solutions and future challenges	28/08/11	10:30
Yahkat	Barshep	509	The timing of primary moult in the Curlew Sandpiper varies with environmental variables	Symposium	17-Africa matters! A sub-Saharan perspective of Life History and Ecology of Palearctic migrant birds	28/08/11	16:40
Julia	Barske	514	Mate choice influences differential introgression in a hybrid zone	Poster	Poster		
Michaela	Bartikova	367	Positive assortative mating for melanin-based trait in tree sparrow <i>Passer montanus</i>	Poster	Poster		
Peter	Batary	161	Effect of isolation from forests on bird diversity of hedgerows	Poster	Poster		
Hans-Günther	Bauer	360	Purported or real invasiveness of non-native birds in Central Europe	Symposium	10-Non-native birds in Europe: driving forces, mechanisms and consequences	27/08/11	15:10
Alexander	Baugh	129	Circulating corticosterone in great tits: understanding the individual	Symposium	16-Why are hormone concentrations so variable within and between species?	30/08/11	10:30
Claus	Bech	299	Energetics of breeding in an Arctic seabird: the black-legged kittiwake ( <i>Rissa tridactyla</i> )	Symposium	1-Ecological energetics	28/08/11	16:40
Peter H.	Becker	30	Individual improvements during the lifespan of Common Terns in relation to fitness	Symposium	3-Lifelong individual development as an important component of life history	30/08/11	14:40
Ugis	Bergmanis	396	Experience with the Hacking method for support of the Lesser Spotted Eagle ( <i>Aquila pomarina</i> ) population in Germany	Poster	Poster		
Aurelien	Besnard	307	Modelling bird species distributions in floodplains - A test of topographical indexes as proxies of flooding susceptibility	Poster	Poster		
Jānis	Bētiņš	451	Individual weight differences of various duck species in Latvia 1993–2010	Poster	Poster		
Heidi	Björklund	382	Breeding success of forest-dwelling birds of prey in natural vs. artificial nests	Oral	Conservation II	28/08/11	16:40
Dmitrijs	Boiko	145	Whooper Swan <i>Cygnus cygnus</i> (L.) in Latvia – breeding population, it's wintering, moultings and dispersion geography	Poster	Poster		
Andriy	Bokotey	258	The present status of the avifauna of the Lviv city (Ukraine) and it's changes	Poster	Poster		
Lucian-Eugen	Bolboacă	495	Early brooding of Tawny Owl ( <i>Strix aluco</i> ) in anthropic habitats from Eastern Romania	Poster	Poster		
Willem	Bouten	168	Combining GPS and accelerometer data to study bird behaviour	Symposium	21-The applicability and usefulness of bio-logging for terrestrial ornithological studies	30/08/11	10:30

Name	Surname	Reg#	Title	Acceptance	Session	Scheduled	Time
Sandra	Bouwhuis	19	Individual variation in rates of senescence: natal origin effects and disposable soma in a wild bird population	Symposium	3-Lifelong individual development as an important component of life history	30/08/11	14:40
Mattia	Brambilla	255	Mid-season habitat shifts in farmland birds: implications for research and conservation	Oral	Conservation I	27/08/11	15:10
Oksana	Brigadirova	198	Poly-species colonies of Laridae on the territory of abandoned coal mines in Tula region (Central region of European Russia)	Poster	Poster		
Jon	Brommer	157	Evolutionary insights from longitudinal data on reproduction	Symposium	3-Lifelong individual development as an important component of life history	30/08/11	14:40
Kaat	Brulez	477	How does dietary calcium availability influence eggshell pigmentation and egg structural parameters of Great Tits ( <i>Parus major</i> )?	Poster	Poster		
Victor	Bulyuk	20	Reasons for a high proportion of juveniles among European robins on the Courish Spit during autumn migration	Poster	Poster		
Daniel	Burgas	304	Raptor assemblage shaping prey distributions	Oral	Population ecology	30/08/11	10:30
Claudia	Burger	231	Long-distance Dispersal to the North as an Adaptation to Climate Warming: an Experiment in Pied Flycatchers	Oral	Climate change	30/08/11	10:30
Andrey	Bushuev	383	Intraspecific metabolic scaling in passerine birds: does it make biological sense?	Poster	Poster		
Przemyslaw	Busse	429	Do the passerines cross the Sahara belt using the shortest way to the South or not?	Poster	Poster		
Dalius	Butkauskas	110	Population genetic structure of Woodpigeon ( <i>Columba palumbus</i> ) in Europe	Poster	Poster		
Patrik	Byholm	137	Parental experience and local food availability as drivers of parental care in goshawks	Oral	Reproduction	28/08/11	10:30
John	Calladine	107	Limitations of the uplands as refuges for declining, formerly widespread species: A case study of Whinchats <i>Saxicola rubetra</i> in Scotland	Poster	Poster		
Daniela	Campobello	52	Old versus new world: adaptive significance of nest defence in two brood parasitism systems	Symposium	4-Avian brood parasitism – a model system for co-evolution	27/08/11	09:00
Enrico	Caprio	167	The impact of ski-runs on alpine bird communities: a landscape approach	Symposium	6-Impacts of environmental change on birds in alpine environments	27/08/11	09:00
Anja	Cervencel	501	Declining winter population of Scaup: trends and a cry for help!	Poster	Poster		
Olivier	Chastel	397	Stress response variation within and between species: \n\nThe influence of the brood value	Symposium	16-Why are hormone concentrations so variable within and between species?	30/08/11	10:30
Linda	Cheriak	91	Comparative diet of the white stork ( <i>Ciconia ciconia</i> ) in three algerian localities (Tebessa, Oum bouaghi, and Khenchela)	Poster	Poster		
Nikita	Chernetsov	44	Not all songbirds calibrate their magnetic compass from twilight cues: a telemetry study	Oral	Movement ecology	28/08/11	10:30
Damien	Chevallier	93	Why do migrating Black storks ( <i>Ciconia nigra</i> ) use two flyways?	Poster	Poster		

Name	Surname	Reg#	Title	Acceptance	Session	Scheduled	Time
Sandra	Chiriac	435	Energetic costs of an acute phase response in captive Zebra finches	Poster	Poster		
Marta	Cholewa	12	Great Tits' breeding and the nestling food availability in a primeval forest: is synchronisation important?	Oral	Reproduction	28/08/11	10:30
Irina	Chukhareva	132	Impact the social relationship on the structure of the Yellow-legged Gull nests ( <i>Larus cachinnans</i> )	Poster	Poster		
Olaf	Ciebiera	327	Initial research results on ticks migration on migratory birds.	Poster	Poster		
Dina	Cirule	389	A rapid effect of handling on counts of white blood cells in a wintering passerine bird: a more practical measure of stress?	Poster	Poster		
Timothy	Coppack	83	Natal dispersal in a nutshell	Symposium	8-Dispersal meets Biogeography – How dispersal affects range dynamic processes	30/08/11	14:40
Rute	Costa	348	Feathers and excrements as measures of heavy metal pollution of Great tit nestlings and adults	Poster	Poster		
Manuelle	COTTIN	156	Corticosterone, foraging behaviour and reproductive success in Adélie penguins	Oral	Hormones & behaviour	30/08/11	14:40
Daniel	Cox	41	Mass variation as a life history trait in tropical birds	Oral	Evolution	27/08/11	09:00
Antica	Culina	421	Wind Farms and Migrating Raptors in Adriatic Flyway – Need for Urgent Action	Poster	Poster		
Jakub Paweł	Cygan	39	How Painted Redstart <i>Myioborus pictus</i> males react to more and less aggressive song	Poster	Poster		
Dorota	Czeszczewik	395	Diversity and structure of the bird community overwintering in the Bialowieza Forest, Poland – preliminary results	Poster	Poster		
Sarah	Davidson	346	Integrating, archiving, and sharing biologging data from wild birds in Movebank.	Symposium	21-The applicability and usefulness of biologging for terrestrial ornithological studies	30/08/11	10:30
Greet	De Coster	140	Avian eggshell pigmentation: testing a new hypothesis	Poster	Poster		
Liesbeth	De Neve	163	Corticosterone levels in host and cuckoo nestlings. Is brood parasitism a physiological stressor?	Oral	Hormones & behaviour	30/08/11	14:40
Giacomo	Dell'Omo	516	Flying into the pigeon's brain	Symposium	21-The applicability and usefulness of biologging for terrestrial ornithological studies	30/08/11	10:30
Damijan	Denac	191	Resources, conditions and interactions influencing White Stork ( <i>Ciconia ciconia</i> ) fecundity	Symposium	12-Charismatic species as a toll in nature conservation: the White Stork as the example	28/08/11	20:00
Mark	Desholm	340	Do altitude specific visibilities influence the flight height of soaring raptors migrating over water?	Poster	Poster		
Dimitar	Dimitrov	290	Spanish sparrow ( <i>Passer hispaniolensis</i> ) in NE Bulgaria: morphometrics and capturing periods	Poster	Poster		
Adriaan	Dokter	366	Monitoring flight activity and foraging of shorebirds in the western Wadden Sea by continuous radar and camera observations	Oral	Monitoring	30/08/11	14:40

Name	Surname	Reg#	Title	Acceptance	Session	Scheduled	Time
Blandine	DOLIGEZ	315	Dispersal heritability in a patchy population: accounting for imperfect individual detection and implications for individual and population processes	Symposium	8-Dispersal meets Biogeography – How dispersal affects range dynamic processes	30/08/11	14:40
Valery	Dombrovski	183	Relationships between Greater Spotted Eagle ( <i>Aquila clanga</i> ) and Eagle-owl ( <i>Bubo bubo</i> ) at Pripyat Polesie (Southern Belarus)	Poster	Poster		
Davide Michelangelo	Dominoni	515	Artificial lights and timing of reproduction in European blackbirds ( <i>Turdus merula</i> )	Symposium	19-Selection for urban life -from the individual to the community	27/08/11	15:10
Beata	Dulisz	457	Roosting behaviour of the House Sparrow <i>Passer domesticus</i> in the urban area	Poster	Poster		
Olivier	Duriez	122	GPS, accelerometry and flight energetics: a study case with vultures	Symposium	21-The applicability and usefulness of bio-logging for terrestrial ornithological studies	30/08/11	10:30
Serafima	Dvurechenska ya	182	Prerequisites of avifauna in fruit orchards of the Central region of Russian Federation	Poster	Poster		
Andrzej	Dyrcz	15	Adult survival of the Aquatic Warblers ( <i>Acrocephalus paludicola</i> ) breeding in the Biebrza marshes, NE Poland	Poster	Poster		
Sylvia	Dyulgerova	415	Census of the wintering Common Buzzards ( <i>Buteo buteo</i> ) in Bulgaria for the period 2006-2008	Poster	Poster		
Maryna	Dzmitranok	247	Preliminary data of Black Stork monitoring in Belarus	Symposium	20-Flagship at risk – large-scale monitoring of Black Stork ( <i>Ciconia nigra</i> ) populations	28/08/11	20:00
Natalie	Dzyubenko	251	The present status of the breeding population of the Black Stork ( <i>Ciconia nigra</i> ) in Ukraine	Poster	Poster		
Pim	Edelaar	244	Understanding and predicting avian invasions: individual variation versus species-specific traits	Symposium	10-Non-native birds in Europe: driving forces, mechanisms and consequences	27/08/11	15:10
Götz	Eichhorn	169	Energetic benefits of crèching behaviour in king penguin chicks	Oral	Hormones & behaviour	30/08/11	14:40
Anna	Ekner	277	Do small hole nesting passerines detect cues left by a predator?	Poster	Poster		
Jan	Engler	178	Range expansion and the neglected role of long distance dispersal in a migrating songbird	Symposium	8-Dispersal meets Biogeography – How dispersal affects range dynamic processes	30/08/11	14:40
Bruno	Ens	312	Using biologgers to test predictions from a distribution model on the carrying capacity for Oystercatchers wintering in the Wadden Sea	Symposium	21-The applicability and usefulness of bio-logging for terrestrial ornithological studies	30/08/11	10:30
Aude	ERBRECH	285	Effect of winter food shortage on the muscular development in king penguin chicks, <i>Aptenodytes patagonicus</i>	Poster	Poster		
Jan	Esefeld	189	What hypotheses explain reversed sexual dimorphism in Skuas best?	Poster	Poster		
Peter	Fehérvári	399	Autumn migration routes and wintering habitat use of Red-footed Falcons revealed by satellite transmitters	Poster	Poster		

Name	Surname	Reg#	Title	Acceptance	Session	Scheduled	Time
Wolfgang	Fiedler	128	A clear threat - Preventing birds from hitting windows	Symposium	15-Bird collisions - more than meets the (human) eye	28/08/11	16:40
Ondine	Filippi-Codaccioni	194	Establishment success of exotic birds in Europe: influence of community specialization in introduction sites	Symposium	10-Non-native birds in Europe: driving forces, mechanisms and consequences	27/08/11	15:10
Kevin C.	Fraser	469	Tracking migratory songbirds using geolocators: what are the ecological questions that can be addressed and future challenges?	Symposium	2-Tracking small long-distance migrants throughout their annual cycle	30/08/11	14:40
Inga	Freiberga	204	Phenology of autumn migration of some passerine species at two sites in Latvia, 1970–2010	Poster	Poster		
Jakob	Fric	265	Does by-catch pose a threat to seabirds in the Ionian Sea (Eastern Mediterranean)? A quantitative research of local fisheries.	Poster	Poster		
Adam	Fudickar	465	Annual movement ecology of a partial migrant songbird	Symposium	2-Tracking small long-distance migrants throughout their annual cycle	30/08/11	14:40
Rob	Fuller	88	Interactions between forest management, deer browsing and habitat quality for birds in historically fragmented British woodlands	Symposium	7-Impact of forestry on populations of threatened bird species, conservation strategies and methods	30/08/11	10:30
Hélène	GADENNE	105	Predicting White stork distribution in western France based on ecological niche modelling	Symposium	12-Charismatic species as a toll in nature conservation: the White Stork as the example	28/08/11	20:00
Vladimir	Galushin	201	Long-term monitoring of bird diversity and numbers in forest microfragments along the Higher Don river, Russia.	Poster	Poster		
Anna	Gamero	174	Breeding biology of white-breasted mesites ( <i>Mesitornis variegata</i> ) in Kirindy forest	Poster	Poster		
Beth	Gardner	442	Incorporation of spatial information in capture - recapture modeling: comparing movement patterns of adults and juveniles	Symposium	5-Bayesian analysis in avian population ecology	27/08/11	09:00
Michael	Gerber	444	Territory choice of the Wood Warbler <i>Phylloscopus sibilatrix</i> in relation to habitat structure and rodent density	Oral	Conservation II	28/08/11	16:40
José Antonio	Gil-Delgado	11	CLIMATE CHANGE AND THE GOLDFINCH <i>Carduelis carduelis</i> BREEDING POPULATION TREND IN EASTERN SPAIN	Poster	Poster		
Dimitri	Giunchi	371	Is there parent-offspring vocal recognition in the stone curlew ( <i>Burhinus oedicephalus</i> )?	Poster	Poster		
Thomas	Gottschalk	195	Forecasting bird population changes in response to global warming using high resolution models - lessons learned from Germany	Symposium	9-Predictive modeling in ornithology - recent problems, novel solutions and future challenges	28/08/11	10:30
Dimitar	Gradinarov	305	Distribution of the White Stork ( <i>Ciconia ciconia</i> ) in Bulgaria: changes in the range for a 25-year period	Poster	Poster		
Mladen	Gramatikov	333	The effect of ski-runs as a barrier for the common upland birds: a case study from the Pirin National Park, Bulgaria	Poster	Poster		
Gaidis	Grandāns	431	Autumn migration of Long-eared Owls <i>Asio otus</i> at Pape, Latvia 1967–2010: variation in numbers, age and sex ratios	Poster	Poster		

Name	Surname	Reg#	Title	Acceptance	Session	Scheduled	Time
Jeremy	Greenwood	266	Assessing population declines: the value of a Bayesian approach	Oral	Conservation II	28/08/11	16:40
Alexander	Grendelmeier	438	Breeding success and nest predation of Wood Warbler <i>Phylloscopus sibilatrix</i> in Northern Switzerland.	Oral	Population ecology	30/08/11	10:30
Vitaly	Grishchenko	313	Changes in phenology of the White Stork <i>Ciconia ciconia</i> migrations in Ukraine	Symposium	12-Charismatic species as a toll in nature conservation: the White Stork as the example	28/08/11	20:00
Martin	Grüebler	263	The reproductive benefits of livestock farming in barn swallows: quality of nest site or foraging habitat?	Oral	Conservation I	27/08/11	15:10
Abel	Gyimesi	228	The Egyptian Goose in Europe: a non-native population spreading in and from The Netherlands	Poster	Poster		
Steffen	Hahn	166	Migratory connectivity in nightingale populations differing in migration routes	Symposium	17-Africa matters! A sub-Saharan perspective of Life History and Ecology of Palearctic migrant birds	28/08/11	16:40
Caspar	Hallmann	499	Modelling transient spatio-temporal population recovery dynamics of Common Buzzards and Goshawks in Dutch Limburg.	Oral	Conservation II	28/08/11	16:40
Rita	Hargitai	37	Body condition during winter in relation to age and plumage ornament size: a study of a small, long-distance migratory bird	Poster	Poster		
Jonne	Hartman	254	Effectiveness of a new type of wire markings on high tension power lines to mitigate nocturnal bird collisions.	Oral	Birds and humans	27/08/11	09:00
Grzegorz	Hebda	303	Climate warming and woodpeckers' breeding in a primeval temperate forest: a 35 years perspective	Oral	Climate change	30/08/11	10:30
Arne	Hegemann	388	Patterns of baseline and induced immune function over the entire annual cycle in a free-living bird – consistency and flexibility at the same time!	Oral	Immunology	27/08/11	15:10
