

# Numerical Aspects of Hyperbolic Balance Laws and Related Problems

April 16 - 20, 2018

University of Ferrara  
Auditorium Complesso di Santa Lucia

## Invited speakers:

C. Berthon *University of Nantes*

C. Besse *University of Toulouse 3*

A.V. Bobylev *Russian Academy of Sciences*

J.A. Carrillo *Imperial College*

M.J. Castro *University of Malaga*

C. Chalons *University of Versailles*

E. Cristiani *IAC-CNR*

N. Crouseilles *INRIA*

B. Després *University of Paris 6*

M. Dumbser *University of Trento*

R. Ferretti *University of Roma 3*

F. Filbet *University of Toulouse 3*

L. Gosse *IAC-CNR*

M. Groppi *University of Parma*

M. Herty *RWTH Aachen University*

A. Klar *TU Kaiserslautern*

F. Méhats *University of Rennes 1*

E. Miglio *Politecnico di Milano*

P. Mulet *University of Valencia*

G. Naldi *University of Milan*

S. Noelle *RWTH Aachen University*

G. Puppo *University of Insubria*

J. Qiu *University of Houston*

T. Rey *University of Lille 1*

M. Semplice *University of Torino*

E. Toro *University of Trento*

A. Tosin *Politecnico di Torino*

## Invited speakers INdAM Day Ferrara April 18, 2018:

Recent Advances in Multiscale Modelling and Numerics for Hyperbolic and Kinetic Equations.

During this special day, we will honor the 60th birthday of Professor Giovanni Russo

R. Abgrall *University of Zurich*

P. Degond *Imperial College*

M. Falcone *University of Roma 1*

P. LeFloch *Sorbonne University*

S. Mishra *ETH Zürich*

G. Russo *University of Catania*

E. Sonnendrücker *Max Planck Institute*

G. Toscani *University of Pavia*

## Scientific Committee:

S. Boscarino, G. Dimarco, R. Loubère,

L. Pareschi, G. Russo, M.-H. Vignal

## Organizing Committee:

G. Albi, G. Dimarco, M. Zanella

We kindly request you to register at [numasp2018.wordpress.com](http://numasp2018.wordpress.com)

There is no registration fee. A limited amount of grants can be provided to young researchers.
