Illustrative e.V. is immediately offering a placement in the field of exhibition- and festival-organisation for students or graduates of culture/event management or linguistic as well as culture studies.

Illustrative e.V.

Illustrative e.V. currently is developing an art space/ house for contemporary design and applied arts in the centre of Berlin called *Direktorenhaus*. Here, international designers, artists and manufacturers are presented in changing exhibitions to the public.

The special character: The worlds of art and design – separated so far - are consciously combined in changing exhibitions and happenings. The room-size installations contain furniture items as well as paintings and sculptures, next to glass and ceramic objects and digital animations. Art, design and crafts are joining a mutual alliance, a conscious counter-reaction to uniform, global design. Furthermore, *Direktorenhaus* is a versatile venue for events and projects of any kind.

Other projects of Illustrative e.V. are:

- Illustrative-Festival

Illustrative is the worldwide most important festival for contemporary graphic and illustrative art. The next Illustrative festival will take place in April 2013 in Berlin.
