

PERSONAL INFORMATION Filippo Poltronieri

EDUCATION AND TRAINING

- 2017 – current **PhD - Student in Engineering Science**
University of Ferrara, Department of Engineering, Ferrara, Italy
- 2014 – 2017 **Master of Science in Computer Engineering, 110/110 cum laude**
University of Ferrara, Ferrara, Italy
Thesis Project: "A symmetric encryption based solution for Group Communication in a Mobile Ad Hoc Network"
Main subjects: Distributed Systems, Artificial Intelligence, Control Systems, Operative Research, Database, Concurrent Programming, Number Theory and Cryptosystems, and Peer to Peer Networks.
- 2011 – 2014 **Bachelor of Science in Information Engineering**
University of Ferrara, Ferrara, Italy

WORK EXPERIENCE

- March 2018 – September 2018 **Research Associate**
Florida Institute for Human and Machine Cognition (IHMC), Pensacola, FL, USA.
- Research in tactical networks. Secure exchange of information for P2P group communication based systems. Application of Attribute Based Encryption techniques to secure information in a multi-domain architecture, e.g. coalition of different nations.
- Research in Internet of Things (IoT) and Internet of Battlefield Things (IoBT) for the integration of different data representation formats.
- Development of a prototype to interface with heterogeneous IoBT military equipment.
- Full Stack Developer (C++, Java, Kotlin, Android, and Ruby).
- August 2016 – November 2017 **Research Assistant**
Florida Institute for Human and Machine Cognition (IHMC), Pensacola, FL, USA.
- Research in information-security applied to mobile and tactical military networks.
- Developing of a prototype of a Key Management System to realize secure group communication in Mobile Ad Hoc Networks.

ADDITIONAL INFORMATION

Review Activities

- International Journal of Distributed Sensor Networks (IJDSN), SAGE
- Wireless Communications and Mobile Computing, Wiley Hindawi
- The 2019 IEEE Military Communications Conference (MILCOM)
- 2019 IEEE Global Communications Conference (GLOBECOM)
- The 2019 Symposium on Computers and Communications (ISCC)
- The 2018 IEEE Military Communications Conference (MILCOM)

Teaching and Tutoring

- **2019-current:** tutor of the "Operating Systems" class, taught by Prof. Cesare Stefanelli, at the Department of Engineering of the University of Ferrara, Italy.
- **2018-current:** tutor of the "Computer Networks" class, taught by Dr. Mauro Tortonesi, at the Department of Engineering, University of Ferrara, Italy.
- **2017-current:** lectures on "Multithreading in Java" and "POSIX Threads" for the "Operating System" class at Department of Engineering of the University of Ferrara, Italy.

PERSONAL SKILLS

Mother tongue(s) Italian

Other language(s)

English

UNDERSTANDING		SPEAKING		WRITING
Listening	Reading	Spoken interaction	Spoken production	
C1	C1	C1	C1	C1

Levels: A1/A2: Basic user - B1/B2: Independent user - C1/C2: Proficient user
 Common European Framework of Reference (CEFR) level

Job related skills - Experience with these programming languages: C, C++, Java, Golang, Kotlin, and Ruby.
- Experience with Windows and Linux/UNIX based operating systems.
- Experience in scripting programming (bash) for UNIX based operating systems.
- Experience in backend and frontend development, project and toolchain management
- Developing Android applications with Java and Kotlin.
- Experience in Computer Network programming.

Communication skills I have worked in an international research team during my experience at IHMC and I am currently working in the Distributed Systems Research Group at University of Ferrara as Ph.D. student.
As part of my job, I collaborate with national and international researchers.
