Interview: maximum score **40** points

Minimum final score required: 60/80

During the interview, the applicant's knowledge of the following languages will be tested.

English

List of assessable credentials

Curriculum studiorum	Mandatory documents: Complete academic career (Bachelor, Masters degrees) information with certifications or self-declarations with a list of examinations and grades and final marks, for Bachelor and Masters degrees; Thesis abstract – (max length 5 pages), with the following structure: motivation, research methodology and results (obtained or expected), bibliography. Only for undergraduate students the abstract must be signed by the supervisor.	Up to 22 points
Research Project	Short text – max. length: 3 pages - in English, Italian or Spanish which must contain an original proposal for a research project, with the following structure: introduction to the scientific international context, relevance of the topic, expected results, argumentation <i>The mentioned project is not binding regarding the subsequent choice of the doctoral thesis, except for the positions with defined themes. If applying for scholarships with a specific theme, the coherence of the research project with the theme is a requirement for evaluation. Therefore, the research project must necessarily relate to the topic of interest, or else the application will be excluded. If admitted to the doctoral program, the candidate will pursue research training and the thesis consistently with the reported theme.</i>	Up to 12 points
Scientific Publications	Mandatory documents: <i>In extenso</i> copy of abstracts presented to meetings or congresses;	Up to 2 points

	OR File with the full list of the publications and relevant link.	
Reference Letters	Maximum 2 letters supporting the candidature from teaching staff of the candidate's home university or other universities, or from non-academic experts in the research field of interest.	Up to 2 points
Other Academic or Professional qualifications	International linguistic certificates; Certified working experiences in the field; Other academic qualifications	Up to 2 points
Interview agenda/program		
Presentation of the research project and assessment of language proficiency.		
Examination Timetable		
Evaluation of qualifications and interview will take place within the 7 th of October 2024. The outcome of the evaluation of qualifications for the purpose of admission to the interview will be visible on the webpage https://www.unife.it/studenti/dottorato/it/concorsi/bandi-40/bando-40-ordinario/esiti-concorso The date when it will be possible to see the outcome of the qualification evaluation and the day and time of the oral test will be announced no later than the deadline of the notice on the webpage: https://www.unife.it/studenti/dottorato/it/concorsi/bandi-40/bando-40-ordinario/date-e-luoghi-per-il-colloquio-dates-and-locations-for-the-interview		

TOTAL AVAILABLE POSITIONS	7
With scholarship	5
Positions reserved for foreign scholarship holders and/or scholarship holders of specific international mobility programs	2

Regular positions with scholarship		
N°	<i>Funding institution</i>	<i>Research topic or area (if applicable)</i>
2	Università degli Studi di Ferrara	
1	Regione Emilia-Romagna – PR FSE+ 2021/2027	<i>Study of potential reserves of strategic elements (PGE, Au, Co, Cu, Ni, Cr, V, Zn) in the Fe-rich fraction of sands from regional riverbeds (Po, Taro, Trebbia)</i>
1	Italian National Research Council (CNR) - Institute for the Study of Anthropogenic Impacts and Sustainability in the Marine Environment, Oristano headquarters (CNR – IAS)	<i>Morphodynamics of Mediterranean coastal systems under geological and biogeomorphological control and their response to climate change, in particular to sea level rise</i>
1	Seismological Research Center of the National Institute of Oceanography and Experimental Geophysics (CRS-OGS)	<i>Geophysical data collection and processing to define site effects in alluvial plains: from the geological model definition to the ground shaking quantification</i>
