INSTRUCTIONS FOR CARRYING OUT THE ORAL EXAM:

The examining Commission established that the Candidates' interviews duration consists in 15 minutes, each with a technical interval of maximum 5 minutes between two subsequent interview calls. The Commission established to use the GoToMeeting software for video conferences, to be downloaded on the Candidate's computer (both for PC and Mac platforms). Candidates' pc must be equipped with working microphone and webcam.

The online interviews of the admitted candidates are divided into two (2) videoconference groups at the same time: Group (A) with 12 candidates, and Group (B) with 9 candidates. Candidates can listen and see other candidates' interviews, but cannot speak.

The interview groups will therefore be two (hereinafter referred to as A-B), temporally successive and they will all take place in one single day: September 24th, 2021 (Friday), not two days (September 24th and 27th, 2021) as previously published on the UNIFE website, following the decision by the Academic Board.

In order to ensure the publicity of the interviews, the link of each interview session (Group A and Group B) will be sent to each candidate.

The evaluation committee established that candidates will attend the interviews in alphabetical order, as per choice of the home institution, starting from University of Ferrara followed by Polis University Tirana.

Group (A) must be online at 8:30 am and ready for the interviews from 8:45 am to 13.00 (1.00 pm) – Italian Time – Central European Time (UTC + 01:00 h.);

Group (B) must be online at 13:30 (1:30 pm) and ready for the interviews from 14:00 (2 pm) to 17.00 (5.00 pm) – Italian Time – Central European Time (UTC + 01:00 h.).

The link for direct connection to the session will be sent to the candidates, in order to carry out the interview through the Citrix GoToMeeting service. This link will be sent individually to each candidate of the two groups via e-mail to the address candidates indicated in the Application Form.

The oral exam will consist of a presentation by the candidates on the following points:

- Brief description of the candidate's previous experience and reasons for participating in the IDAUP PhD Program;
- General description of the proposed research topic;
- Methodological approach of the research proposal, feasibility and operational implications
