3. LETTERS OF REFERENCE

For courses where Letters of Reference are NOT required, the last page of the application explicitly states "no letters of reference are required."

However, the "Letters of Reference" button may still be present and clickable. The system will reiterate that no letters of reference are required, and the candidate will not be given the opportunity to submit them.

For courses where the submission of letters of reference is required, after submitting the application, the candidate will see the "Letters of Reference" button in the dashboard. They can use this button to send a request to the referees to complete the letter.

Note: The candidate MUST enter the referee's institutional email address in the form and not a personal email address.

It is recommended that the candidate inform the referee about the email sent through the PICA system.

If the referee decides to complete the letter for the candidate and completes the procedure, the system will send an email to the candidate to notify them that the completion has occurred.

In any case, the candidate can access the system at any time and check the status of the request.

Letters of reference attached directly to the application by the candidates will not be considered.

The letters of reference will be recorded and treated as part of the application for the competition.
