

RESISTANCE

Raising awareness of Maritime Spatial planning importance

UAU – Upper Adriatic Underwater

WORKSHOP

23 May 2023

UAU is a workshop elected in between the *European Maritime Day in My Country 2023*, promoted by the Department of Environmental and Prevention Sciences supporting ocean action, awareness, and a sustainable blue economy across Europe. Together, we are making waves for our blue planet!

The event will be held online and in person, in English, on the 23rd of May 2023, at the University of Ferrara, Aula Magna, Palazzo Turchi di Bagno, Corso Ercole I D'Este, 32.

The topics of the events are underwater geology, marine biology, and underwater cultural heritage with a focus on forensic underwater archaeology and research.

Students, postgraduate students, Ph.D. students, young researchers, and all those interested in these topics are welcome to participate in person and online. To receive the connection link, it is necessary to send an email with a request to participate in the workshop to the contact addresses.

Scientific Committee:

Carmela Vaccaro, Corinne Corbau,
Elena Marrocchino, Giovanna Bucci
