Salmone

Pesce mascella con cura delle uova e dei neonati

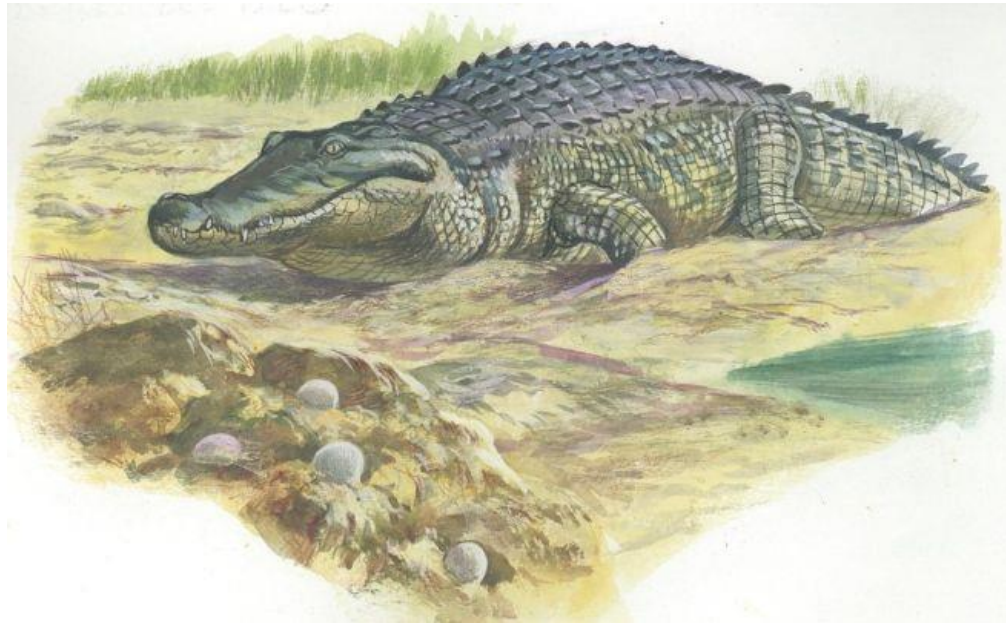

Puis elle les emballe soigneusement pour former un balluchon.

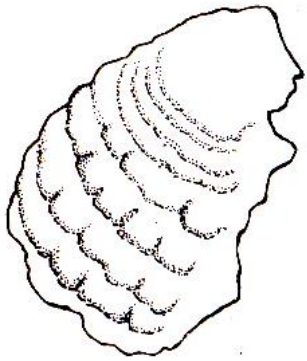

Le cocon est prêt. Elle peut l'accrocher à ses filières pour le transporter.

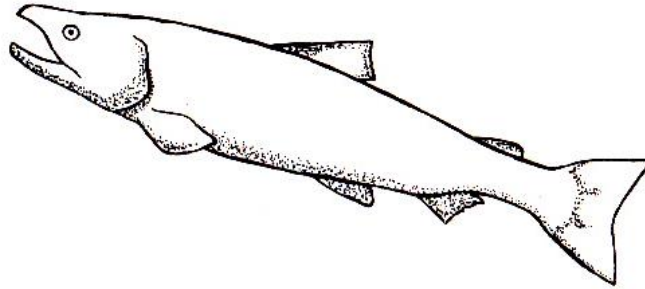

À l'éclosion, les petites araignées grimpent sur le dos maternel.

quelli secondari**

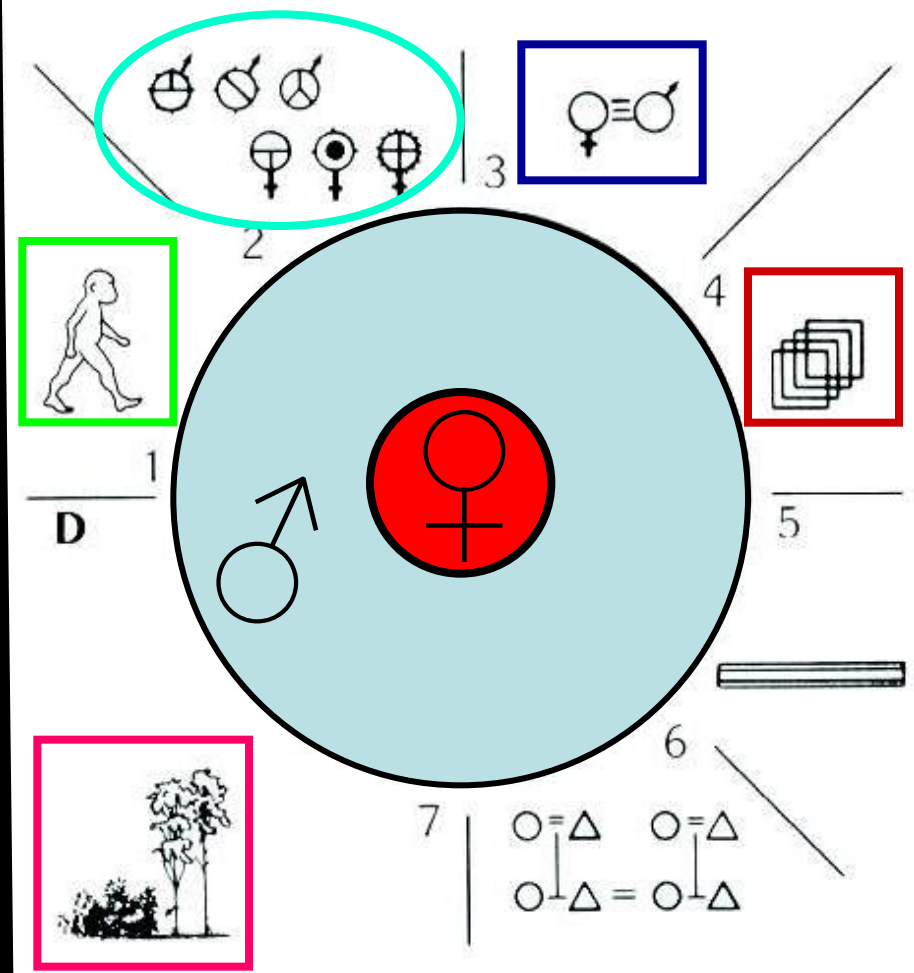

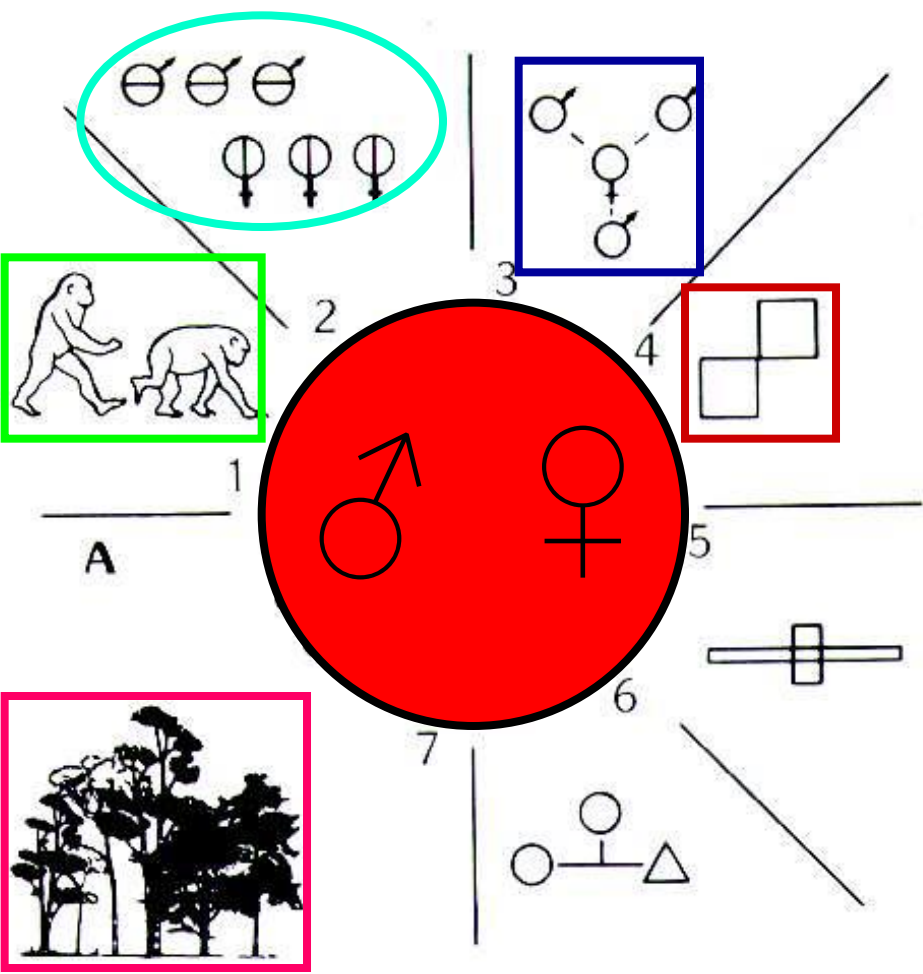

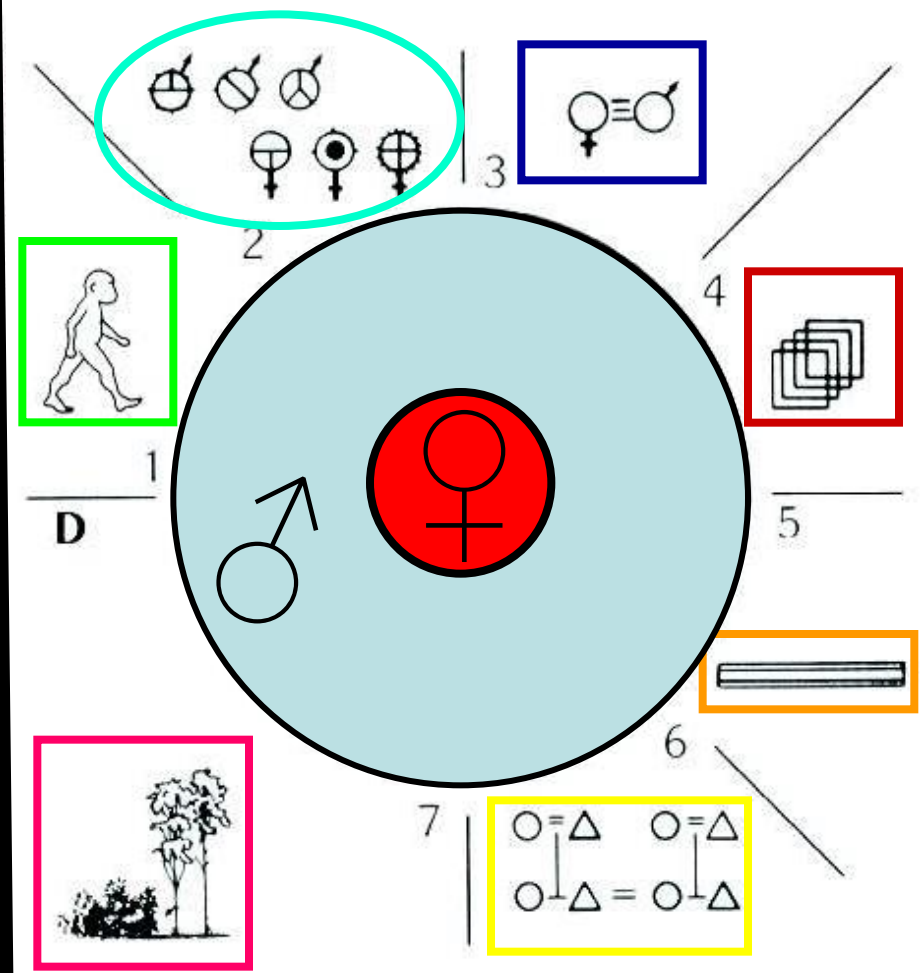

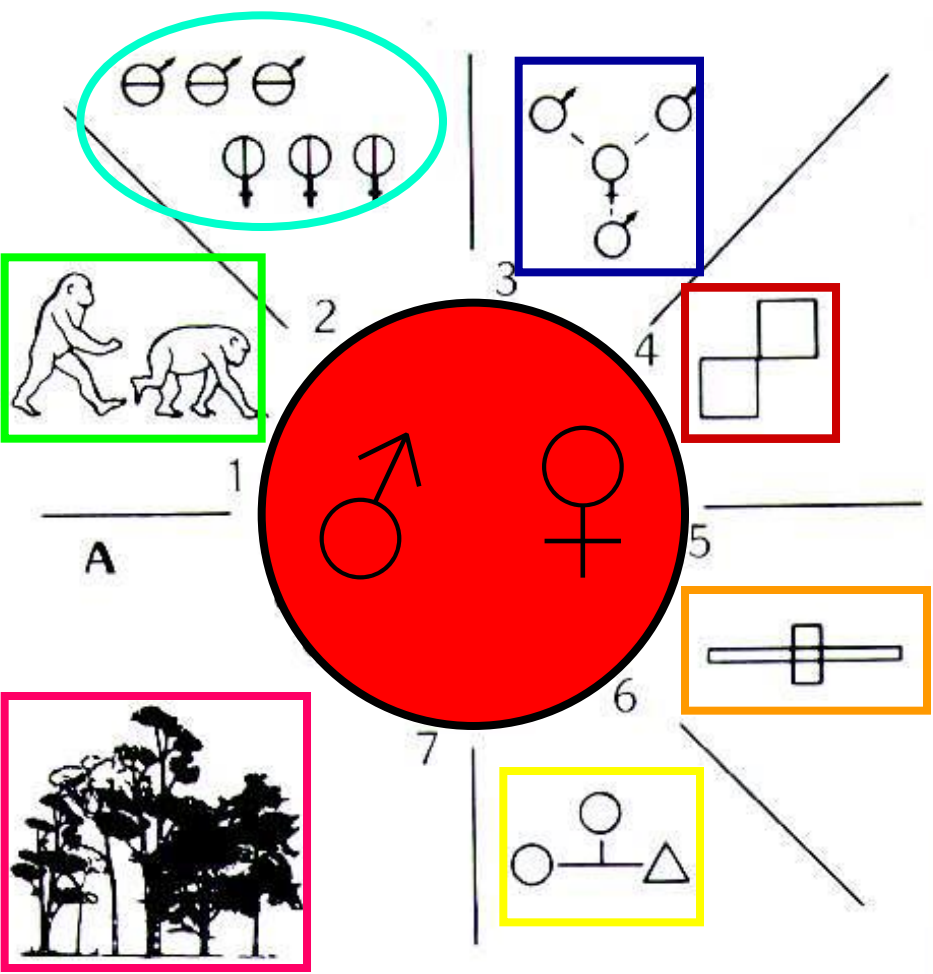

I simboli

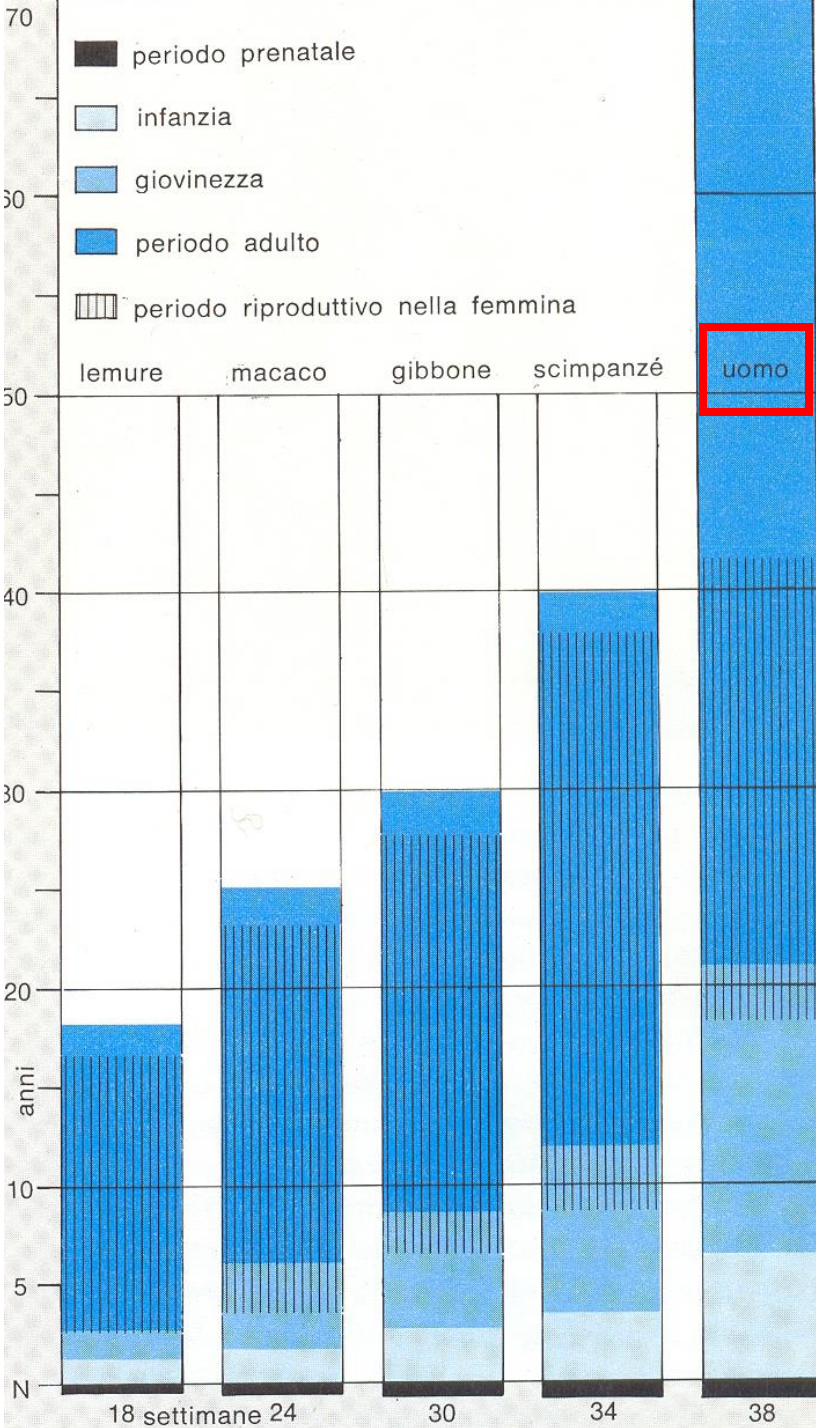

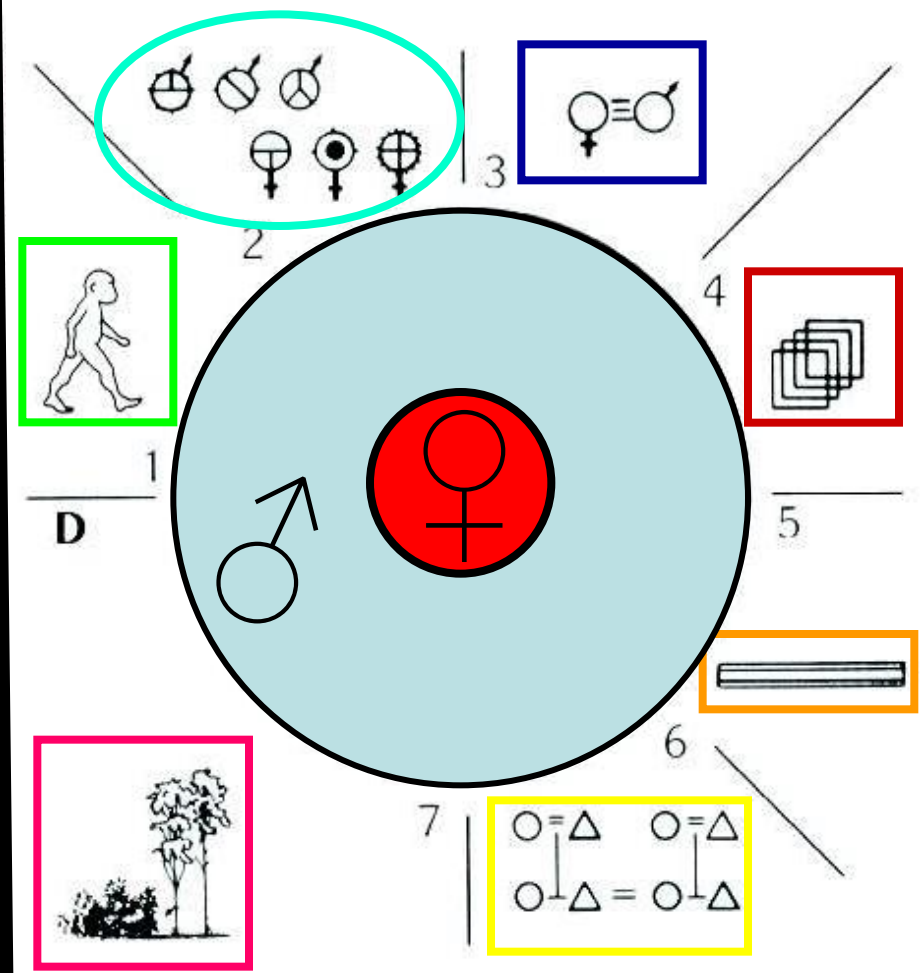

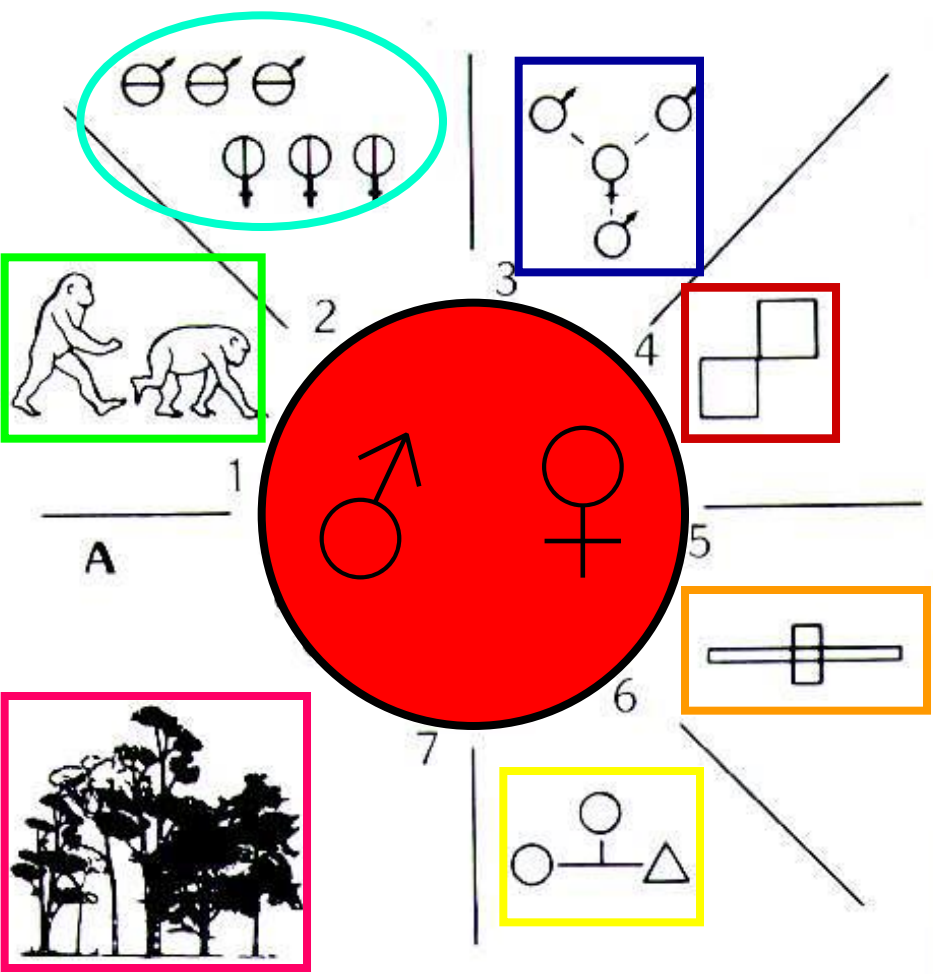

Nell'uomo la cura parentale si allunga ulteriormente e la famiglia è esogamica

**Ed è per questo motivo che tanto
più le “cose” sono per noi
importanti, tanto maggiore è il
numero dei nomi con le quali le
indichiamo**

Moglie, sposa, fidanzata, amante, compagna,

Suocera, nuora, cognata, genero, nipote,

Mamma, zia, nonna, sorella, figlia, nipote,

Giovane, bambina, vecchia, adulta, fanciulla, neonata, adolescente,

Regina, principessa, dama, baronessa,

Operaio, segretaria, professore, badante, sarto, dirigente, inserviente,

Suora, religiosa, credente, atea,

*E oltretutto ognuno ha il suo nome: Maria, Elena, Lino, Fabiola, Giovanni,
Alice, Pierina, Sandra, Carlo*

E cognome: Guerreschi, Fontana, Mazzanti, Sigari, Rizzati,
